MAYOR COMMENTS: Mayor Fangman thanked everyone for being at the meeting. He thanked the city employees for all the extra work they have done that they do not normally have to do and the good job they did getting ready for the meeting. He told the audience that this was not an easy job with many tough decisions, but that they always look out for what they believe is best for the community. He thanked them for being there and voicing their opinions.

COUNCIL COMMENTS: Alderman McIntosh commented that this decision has been very hard, with sleepless nights, trying to think through all of this with the sanctuary city. They did a lot of research and talked to many people that had knowledge of the subject, it was not a quick choice. They did their research and feel stable on what their choice was. We have a wonderful community here and I think that because of that we can do without that ordinance and still thrive. She appreciated the speaker's stories and believed it opened eyes to what people endure and that is helpful. She thanked everyone for coming and sharing

Adjournment:

There being no further business on the agenda, a motion was made by Alderman Floyd and seconded by Alderman McIntosh to adjourn the meeting at 7:55 p.m., with each Alderman voting AYE, the motion carried.
